TECHNICAL DEPARTMENT

**PROJECT: "New Endoscopy Laboratory"**

**INFORMATION**

The new Endoscopy Laboratory is proposed to be located in 1<sup>st</sup> Propedeutic Pathological Clinic, which occupies the first level in the old building at AHEPA University Hospital. The area under study includes the existing Endoscopy Laboratory (three functional spaces and one W.C.), the existing adjacent Blood Laboratory, part of the existing waiting area and part of clinic's storage room. The total surface of study area is approximately 125,00 m<sup>2</sup>.

The architectural as well as the electromechanical / hydraulic / medical airs study was performed by the Technical Department of the Hospital and refers to the creation of two endoscopic rooms, one recovery room, two W.C. (one for patients and one for staff), two offices (supervisor doctor and students), one waiting area, one storage room and a nurse station.

**BUDGET: 105.000,00 €**
