

TECHNICAL DEPARTMENT

**PROJECT: "Renovation of 2<sup>nd</sup> Pediatric Clinic"**

**INFORMATION**

The central corridor and the wards that need renovation are located on the first level in the main building of 2<sup>nd</sup> Pediatric Clinic of AHEPA Hospital. Analytically, the area under study includes the entire central corridor, the internal children's playground, three 8-bedded and four 3-bedded rooms. The total surface is approximately 250,00 m<sup>2</sup>. The architectural and electrical/hydraulic/medical aids facilities study was performed by the Technical Department of the Hospital.

**BUDGET: 400.000,00 €**
