

TECHNICAL DEPARTMENT

PROJECT: "Renovation of Cardiothoracic Clinic Theatres"

INFORMATION

The Operating theatres of the Cardiothoracic Department are located on the first floor of the Main Building at AHEPA University Hospital. Renovation plan will include: 2 operating rooms with accessory areas (intermediate corridor and the anteroom), the main corridor, hygiene facilities and staff rooms. The total surface area that will be renovated is estimated at approximately 315,00 m². The architectural as well as the electromechanical and medical gases installment study was performed by the Technical Department of the Hospital.

BUDGET: 430.000,00 €
