

TECHNICAL DEPARTMENT

PROJECT: "Renovation of Cardiothoracic Clinic"

INFORMATION

The Cardiothoracic Clinic which is scheduled for renovation is located on the second floor of the Main Building at AHEPA University Hospital. Renovation will include the main corridor of the Cardiothoracic Ward, five four-bedded rooms, the High Dependency Unit, hygiene facilities and accessory rooms with a total surface area of approximately 450,00 m².

The architectural as well as the electromechanical and hydraulic study was performed by the Technical Department of the Hospital.

BUDGET: 320.000,00 €
